## MEDIA RELEASE

# School Flashing Lights

The Newman Government has once again delivered another election promise with new flashing school zone lights installed and operating.

The lights have recently been installed and are operational at Coomera Anglican College, Coomera Springs State School, Saint Stephen's College and Upper Coomera State College.

Member for Albert, Mark Boothman said, "I am very pleased to announce the installation of these safety initiatives and they will be a constant reminder to drivers to watch out when children are about. The 40 km per hour speed limit is something that all drivers must adhere to. We all need to remember that children are very unpredictable and motorists must be aware.

Mr Boothman was delighted to be invited by the principal of Coomera Springs State School, Mrs Martine Gill, to inspect the installation.

Mrs Gill said, "Our students will now benefit from these new signs as will motorists that may not be familiar with the area. Keeping your speed down around drop off and pick up times is very important as our school is located on a very busy stretch of road."
